

## Music Printing Licence – 5 copies.

### 1. Introduction

This is a limited licence to enable the holder to print multiple copies of sheet music of songs from the Maynard's Groovy Bible Tunes website. The sheet music can be downloaded free of charge from [www.maynardsgroovytunes.co.uk/jukebox](http://www.maynardsgroovytunes.co.uk/jukebox), but under the terms of the website licence only one copy can be made, and the files may not be distributed. This licence enables the holder to print more than one copy, so that, for example, a music group can play the song in a church service. Sheet music printed under this licence must not be sold.

I'm not a lawyer, so this licence has not been cleverly worded. Please do not abuse it. If you are not sure whether this licence applies to you, please contact Maynard's Groovy Bible Tunes via the website.

My aim in providing this licence is to help people to be able to use the music, without losing control of the copyright, and whilst providing fees to enable the continued production of songs for the website.

### 2. Glossary etc.

I'll use MPL as an abbreviation for "Music Printing Licence", and MGBT for "Maynard's Groovy Bible Tunes". An "MGBT song" is any song on the website [www.maynardsgroovytunes.co.uk](http://www.maynardsgroovytunes.co.uk) for which sheet music can be downloaded.

### 3. Terms

1. For each copy of the MPL you purchase you may print up to FIVE copies of single MGBT songs' sheet music.
2. The MPL can be used once only, i.e. you can print 5 copies, once only. If a copy is defective at time of printing, destroy it and make another.
3. The five copies may combine more than one song. For example: three copies of one song, two copies of another.
4. The copies must not be sold.
5. The copies must not be included in any other work.
6. The copies must include the original copyright information.
7. Possession of this document does not imply possession of a licence.
8. This document may be downloaded upon purchase of one or more licences from the MGBT website. Only one download is necessary, regardless of the number of licences purchased.

### 4. Records

Please print this document, and keep a record here of licences purchased, and songs printed:

#### Licences Purchased

Date Purchased	Copies per licence	Number of licences

#### Songs Printed

Date	Name of Song	Number of Copies Printed
